

Biography

Dr Fawaz K Bitar FREng (Fuzzy)

Senior Vice President Health, Safety, Environment & Carbon, bp

Fawaz (Fuzzy) has been with bp for over 35 years and has undertaken various leadership positions across the globe, including the UK, US, Azerbaijan, Colombia, Egypt, and Indonesia. Previously, he was the Head of the Upstream Executive Office, following seven years as bp's Head of Global Operations. In March 2020 he was appointed Senior Vice President for HSE & carbon.

Fuzzy has a Bachelor of Engineering degree from Newcastle University and a Doctorate from the University of Aberdeen in the application of human performance in safety management systems. He is an honorary professor at the University of Aberdeen and Brunell University, London. He is also a fellow of the Royal Academy of Engineering and was the Chairman of the International Association of Oil and Gas Producers (IOGP). He also serves as a member of the McKinsey Crisis Advisory Board.

Fuzzy is widely recognized for exceptional operational leadership and a proven track record in driving transformational performance. A sought-after authority in safety, sustainability, and operations excellence, Fuzzy brings deep expertise in advising organizations across diverse sectors, including aviation, mining, military, pharmaceuticals, and energy. His strategic insights and practical guidance have consistently enabled companies to elevate safety standards, embed sustainability practices, and achieve industry-leading operational outcomes.
