

Miranda Jones

Vice President Health, Safety, Environment, & Carbon, bp

Miranda was appointed Vice President Health, Safety, Environment, and Carbon for bp in January 2021. In this role, Miranda supports the broader distributed businesses across Mobility & Convenience, Gas & Low Carbon Energy, & Regions Cities & Solutions businesses within bp where she uses her experience from operations and the private equity space to support the development of bp's new energy businesses.

Miranda has worked in the wider energy industry for 26 years, where she has held key Operations and HSE leadership positions across the energy value chain including: Upstream, Midstream, Downstream, and Low Carbon energy businesses. She was an early industry leader in adopting and embedding human performance in to corporate HSE Strategies and systems, helping define safety leadership behaviours that support and improve safety culture and performance. She has developed and implemented benchmarking HSE Strategies and Systems in newly formed companies and has also been accountable to transform and transition larger legacy companies, such as bp.

Miranda is married to her college sweetheart with whom she has three children ages 31, 26, and 18. She holds a bachelor's degree in Occupational Safety & Health. When she is not watching her children compete in sports, Miranda is reading or planning their next travel adventure.
